Joe Rutter of Full Steam Ahead will be announcing that his next model kit will be one that won an award at the NMRA NFR Regional Convention, "The Woodstock Turn". It will be Les Kaufeldt's "Empire Coal" with a yard office. Go to [Www.fullsteamahead.ca](http://www.fullsteamahead.ca) for more info on Joe's kits.

Can you help??

Christopher Chreighton of Schomberg Scale models is "looking for pics of a commercial oil furnace/stove that was commonly used in stations, freight houses and other commercial/industrial applications. I remember seeing one in the CNR freight shed office in Port Hope when I was a kid. They were (if memory serves) about 2' - 30" square and about 3 feet tall with louvers on sides, front and top. There was a stovepipe exiting the top back." Let me or Chris know. christopherchreighton@schombergmodels.com
