(Tips and links for model railroaders and railfans!)

Firstly, I need to send out a **thank you** to the Co-Operators Insurance Company who sponsored our “Operation Lifesaver” display at the International Plowing Match in St. Thomas this past week. We all had a wonderful time and must have talked to over 15,000 people and passed out at least 3,000 safety booklets to the kids!

Here are some **incredible weathering reference images**. Plenty of close cropped shots of rusty,

dusty parts and memories. Some of these structures will go in my "ideas" files for future projects. **Great machinery references also** for a wide variety of industries-sawmill, distillery, iron works
