From Richard Sparrow, Clerk - ID, NFR of NMRA

“Please find attached the announcement for the ID Spring Meet on March 12th in Burlington. Snow shoveling season will be just about over, leaving more time for the layout – planning or building it. What better time than this to refresh your knowledge of the subjects covered in our two clinics. Also to visit the 3 layouts that will be open close by to get more inspiration for that project you have been thinking about!” ****PDF is attached**

From Alex Cabrita: Rail Web Cam in Roanoke

“Seems to be always busy, and the engines really belch up the smoke going in and out of the hump. There is a full engine service facility(including a turntable) to the left of the screen and major yard and Transport Museum to the right of the screen
